

**Wheat & Barley**  
(Things you need to know)

- **Please fill out the enclosed production sheet and return it as soon as possible after harvest.**
- **If you harvest any grain that was listed as cover crop on your policy, make sure you keep that production separated from the acreage that was planted for harvest. Remember you cannot report the production on the cover crop acreage.**
- **Notify us as soon as you can if think you may have a loss or within 15days of the harvest date at the latest. The end of the insurance period is 07/31/10. Claims will not be accepted after that date.**
- **Quality issues – If you have a claim that involves issues with the quality of the grain, you must notify us before harvest. The adjuster needs to get a sample of the grain before it is harvested.**
- **CRC harvest prices will be issued about the 1<sup>st</sup> week of July. We'll notify you as soon as we get them. File your claim as soon as you can after you receive this information.**
